TOWN OF
WEST RUTLAND

1905

AUDITORS:

B. WHEELER, T. A. MULLANY.

PRINTED BY
NORTHROP, PRINTER, CASTLETON.

1905

SELECTMEN'S REPORT

To the taxpayers of West Rutland :

We have drawn 53 orders on the General Account, amounting to \$5368 59, 5 orders on Lister's Account amounting 177 76, 8 orders on Sidewalk Account amounting to \$504 38, and 46 orders on Poor Account amounting to \$1274 12, leaving a balance of over \$1100 00 in the treasury to pay a bond when due. There is no decision in the Dorset-Batles case yet. The license commissioners sent us a bill of \$145 00 for rent and services for the past year, there having been no licenses granted and no apparent duty to perform, we asked for an itemized statement and not receiving a satisfactory explanation, declined the bill. The residents of North Pleasant street handed us a petition to open a new road from near Thos. McDowell's house to the railroad crossing, so as to reduce the grade on the hill. We advertised for bids and awarded the contract to the V. M. Co. for \$500, with the old road bed, they waiving all land damages for the new road and building two stone culverts. The poor expense is a little in excess of last year, the same being caused by the purchase of a horse for the farm, one more inmate at the town house and more calls for outside help.

JAMES LEAMY,
GEO. C. ROBINSON, } Selectm.
DANIEL O'ROURKE,

ROAD COMMISSIONERS'
REPORT

To the taxpayers of West Rutland:

In submitting to you my report I would say that on account of the very bad condition of the road at the beginning of the year and the necessity of working many of them the second time on account of their being dug up and left in bad condition by the West Rutland Water Co., and also by the Rutland Street Railway Co., raising their track from the depot to Clarendon avenue, and leaving highway in very bad condition. I was obliged to lay out more money than was appropriated, and there is also an account of \$21.75 which was paid this year that was worked by the road commissioner of 1904.

WM. J. O'ROURKE,
Road Commissioner.

School Directors' Report

To the taxpayers of West Rutland:

No. 30 of the Public Acts of 1902, as amended by the Acts of 1904, provides that \$45,000.00 of the State School tax shall be refunded to towns and cities raising fifty cents or more on the Grand List for school purposes. We offer this in justification for asking fifty cents the present year.

The building in district 21 has been thoroughly repaired and renovated. The rooms were calcimined and varnished, the black-boards painted, the floors covered with a preparation for laying the dust, and new trackers laid on the halls and stairs. On the exterior, the roof and walls were repaired, and water conductors have been placed to prevent damage to the walls. The nuisance in the basement, so long a subject of complaint, has been abated, and the air in the rooms is no longer a menace to the health of the children. Repairs were made on the roof of the building in Dist. 7, and new desks provided in the First Primary room. This building is sadly in need of painting. The attention of parents is directed to the provision now made in the High School for preparing graduates of the English Course to pass the teachers' examinations. Facilities are also to be provided for observation and practice teaching under the direction of the teachers. This will enable us in time to fill vacancies by choosing teachers from among the brightest and best equipped of our own graduates. The fire drill required by law has been introduced into districts 7 and 21. The buildings are equipped, electrically, for this purpose. The drill is modelled after the one in use in the New York City schools. Three new teachers have been employed:

Miss Agnes Copps, Miss Catherine O'Rourke and Miss Lizzie Brothers. They have been assigned to districts 7, 8 and 9, respectively. This report would be incomplete without a word in commendation of the painstaking and conscientious work of our teachers. We invite parents to witness for themselves the good work they are doing, and to show sympathetic interest in their praiseworthy efforts in place of the unmerited, and sometimes unenlightened criticism which is too readily and too frequently bestowed. Parents with the true interest of their children at heart will refrain from interfering with or antagonizing the aims of teachers, for such conduct will certainly react upon themselves by making their children less interested in their studies and less tractable both at school and at home. The building in district 21 is still overcrowded.

We have drawn the following orders:—

T. R. CARTY,
W. W. WHEELER, } School
W. T. FOLEY, } Directors.

Superintendent of Schools.

To the Directors and Citizens:

GENTLEMEN:—

I have visited your schools as the law stipulates once in each term. The outside districts, I have visited twice.

These are so much harder having so many classes, some as many as seven. Being located at both ends of the town, it would be a rather difficult undertaking to get them together into a central building. They have been well cared for under the circumstances. I would state here that it would be an advantage to these schools to supply them with small copy books on the Palmer system. For in my judgment it is almost impossible for any teacher to use the muscular movement with all the classes as taught in the grades.

The graded system of secular instruction as taught in our schools is the best in the world. I have seen it stated from good authority that our American teachers are the best trained teachers in the world. But in technical training the Germans say they are ahead of us. The Palmer System has been introduced into our schools which I believe is the best for any young person going into business. Some of our children are very fine writers.

There have been some changes in our schools the last year caused by the resignation of Miss Shangraw, which has been the cause of a good deal of criticism, though it saved the town one teacher's salary.

The town never had as good a board of directors as it has had this year. They have spent their time to serve you, and that without any recompense.

There are at present 18 teachers employed in town. In district 21—9 teachers, 317 scholars; in No. 7—6 teachers, 232 scholars; outside district 6—1 teacher, 36 scholars; ungraded school 8—1 teacher, 26 scholars; in No. 9—1 teacher, 14 scholars. We have an excellent staff of teachers. They teach intelligently and we have good results. We have no teacher in vocal music, which the children miss very much. Our sanitary system in dist. 21 has been changed, a good move as far as fresh air is concerned.

Some parents uphold their children against the teachers, and those are the children who give all the annoyance in the schools. I never knew a teacher yet that did not use the children confided to her care better than their parents. Parents should know that teachers have the same authority over those children for at least six hours in the day as their parents have when under their care. Your directors have the power to change the schools and also to send the children to any of these schools they think proper.

TRUANCY

As truant officer, I have visited several places, but the whole cause seems to be sickness, whooping cough and mumps. Some truants I have got in.

EDWARD McCORMICK,
Superintendent and Truant Officer.

Mr. Edward McCormick, Supt. of Schools:

Dear Sir:-

I herewith submit to you the annual report of the town high school. Improvements have been made during this school year of the appearance of the high school rooms. The floors have been oiled so that the rooms are more free from dust. The ceilings and walls have been kalsomined,

thus removing the dinginess from the rooms. The blackboards were greatly improved by a coat of paint. The two rooms on the second floor on the east side of the building have been connected by a door so that the high school has two rooms, thus relieving the crowded condition of last year and doing away with the recitation room which stopped up one of the stairways. Last September a teachers' course was begun in our high school. The object of this is to prepare our pupils for the County examinations, and to fit them to fill vacancies as they occur in our own schools.

In my judgment, the most important thing that the school commissioners have done is so to place our sanitary arrangements that three hundred fifty pupils and their teachers are delivered from the stupifying and unhygienic fumes of sewer gas and stench.

Some of the rooms in the building are so crowded that good order, good teaching and the pupil's best progress are a practical impossibility. More room must be had or the quality of our school must deteriorate.

Respectfully submitted,
F. W. CARRIER.

Town Treasurer's Report

LIBRARIAN'S REPORT

There have been 5090 loans during the year. The reading tables have been supplied with eight of the best magazines and papers at a cost of \$17.90. These have been much read. One hundred and thirty-three new books have been added by purchase, including the Stoddard Lectures and the works of Theodore Roosevelt. There has been \$12.25 received from fines. Of this \$10.19 has been expended for needed supplies and there is now \$2.06 remaining.

NOTICE.

The legal voters in town meeting of the town of West Rutland, Vt., are hereby warned to meet at Campbell's Hall on Tuesday, the 7th day of March A. D. 1905, at 9 o'clock in the forenoon to act upon the following matters, to wit.

1st. To choose all necessary town officers required by law.

2d. Shall licenses be granted for the sale of intoxicating liquors in this town?

3d. To see if the town will vote to raise the 20 percent. highway tax as required by law.

4th. To see if the town will vote a State highway tax of 5 cents on the dollar as required by law.

5th. To see if the town will vote a State school tax of 8 cents on the dollar as required by law.

6th. To see if the town will vote a tax of 2 cents on the dollar for library expenses.

7th. To see if the town will vote to appropriate 20 per cent of the highway fund for sidewalks.

8th. To see if the town will vote money to pay the current expenses and indebtedness of the town.

9th. To see if the town will vote a tax for electric lights.

10th. To see if the town will vote to pay all taxes direct to the treasurer as required by law.

11th. To see if the town will vote to give the constables the jurisdiction of the State in serving criminal processes.

12th. To see if the town will vote to provide more school room.
